

Technology That Empowers You to Safely and Securely **Monetize** Your Network

Are you or your provider clients struggling to fulfill cumbersome third-party requests? ChartSwap is a fully-integrated technology platform designed to streamline record requests, offering Revenue Cycle Management (RCM) companies a one-stop-shop to quickly and easily exchange billing/medical records.

How can ChartSwap help Revenue Cycle Managers?

✓ **YOUR SECURE, INTEROPERABLE RECORDS EXCHANGE PARTNER:**

- Fully integrated platform, enabling RCM companies to quickly and easily exchange records directly
- HIPAA and SOC 2® Compliant
- HITRUST® r2 Certified

✓ **BUILD OR OPTIMIZE A REVENUE CENTER:**

- RCM companies are able to access the portal at no cost
- Simplifies the AR process and increases capture rate of custodian fees charged by providers for record retrieval

✓ **STREAMLINE YOUR RECORD REQUESTS THROUGH THE CHARTSWAP PORTAL:**

- Stay up-to-date with real-time, comprehensive digital tracking notifications – reducing phone calls and other contact methods
- Our digitized process supports strong operational reporting
- Requestors and providers have a clear audit trail of activity
- All records requests are accompanied by a signed patient authorization
